cvandyke@andersonkreiger.com

Overview

Clients rely on Colin as if he were a member of their internal team. He learns how their organizations work and what matters to them, and they depend on him to deliver results that help them accomplish their goals in a timely and cost-effective manner.

Colin has deep experience helping clients with:

- **Remediation and Redevelopment of Contaminated Properties:** Colin has negotiated favorable Superfund settlements for multiple Fortune 10 corporations, and he advised a residential developer on acquisition and redevelopment of a former manufacturing facility, including allocation of financial responsibility for site remediation.
- **Environmental Compliance and Enforcement Defense:** Colin resolved a Clean Air Act enforcement case by developing a national audit and compliance strategy affecting operations in 40 states and provinces, and he advised the new owner of a manufacturing facility regarding a return-to-compliance strategy for hazardous waste, Clean Water Act, and Toxic Substances Control Act requirements (TSCA).
- **Transactional Due Diligence and Contract Negotiation:** Colin has advised sellers, purchasers, investors, and insurers in dozens of transactions. In the past year, he has advised on deals totaling over \$1.5B.

Colin's experience and effectiveness have been recognized by his peers in publications such as *Chambers USA*, *Best Lawyers*®, and *Super Lawyers*.

Experience

- Advised multiple clients in responding to Clean Water Act citizen suits.
- Advised former airport operator on response to detection of PFAS in drinking water reservoir.
- Favorably resolved Clean Air Act enforcement case against national transportation company, including development of national audit and compliance strategy affecting operations in 40 states and provinces.
- Provided wetlands permitting advice to electric utilities and homeowners.
- Advised residential developer on acquisition and redevelopment, including allocation of responsibility for remediation, of former manufacturing facility.
- Negotiated favorable Superfund settlements for multiple Fortune 10 corporations by minimizing financial and/or performance obligations.
- Negotiating resolution of natural resources damages claims at former manufacturing gas plant site.
- Counseled national waste management company in multi-site environmental compliance audit, including guidance on management changes and employee communications.
