

Harvey Nosowitz Won Summary Judgment for A&K Client Markel Insurance Company

Harvey Nosowitz won summary judgment for A&K client Markel Insurance Company in a suit brought by the Town of Mashpee. When the Town was sued by a parent who slipped and fell on snow and ice outside the school after a soccer clinic, the Town sought coverage from Markel as an additional insured under a policy issued to the soccer club that held the clinic in the Town-owned school gym. The court held that the Town's agreement with the club was for the use of the gym only, and the Town was an additional insured only for accidents in the gym. The slip and fall on a walkway outside the school was not covered.
